5. State the name, address, telephone number, title and occupation of each person answering this Request for Information and state whether such person has personal knowledge of the answers. In addition, identify each person who assisted or was consulted in the preparation of this Request for Information.

See response to 1. Robert K. Scarborough answered this Request to the best of his recollection.

6. Provide a narrative containing any additional information regarding hazardous substances, hazardous wastes, paint wastes, paint-related wastes, industrial wastes and non-hazardous wastes including trash and deposition of same at the Sites, and the source of your information including how you came to know such information, from whom you received such information, and when you learned of such information.

I am not directly aware of any disposal of waste at the Sites as described in your correspondence. When I purchased the Gibbsboro paint manufacturing facility, it had been abandoned for several years. Therefore, I never witnessed the factory in operation.
